May 11, 2018

Dear Parents/Guardians:

The General Brown Central School District, together with the Alliance for Better Communities, will be hosting an important event, **Information Session: Supporting Families and Youth through Prevention**, on **Wednesday, May 16, 2018, 6:00-7:30 pm**, in the Junior Senior High School Auditorium. This presentation is designed to share trend data and information collected in the fall from our students through the 2017 Prevention Needs Assessment. We recognize that teenagers often participate in risky behaviors, and now, more than ever, it seems that families are experiencing stress that can affect the social, emotional, and physical well-being of our students. This presentation will be the first in a series to focus on wellness and to promote resiliency in our daily lives.

I encourage you to attend this important event with your 7-12 grade children. With the help of National Honor Society Members and our PIVOT Student Assistance Counselor, we are currently promoting the event through a positive norms campaign within the school. Again, please know that we are committed to strengthening our sense of community and connectedness to each child.

We look forward to seeing you on May 16, 2018.

Sincerely,

Barbara J. Case
Superintendent of Schools
